

REQUEST FOR ARCHITECTURAL APPROVAL

Exterior improvements or modifications require prior approval from the Association. Installation prior to proper approval is not in accordance with the Association's Covenants, Conditions, and Restrictions and may result in violations against your property.

Approval by the Association/Architectural Review Committee (ARC) does not in any way guarantee approvals by the City, County, or any other such agencies. Such approvals or permits are the responsibility of the applicant.

The ARC reserves the right to request more information to clarify this application prior to making a decision on your request.

The ARC has 30 days from receipt to respond to your request, unless otherwise outlined in your Association's Covenants. The review period does not begin until all required documents are received by the ARC.
